Muhammad **Aftab**

Phone : 0333-3684920 | Email: Aftab785ahmed@gmail.com

INTRODUCTION

My name is Aftab, and I am a passionate **Full Stack Engineer**.
I have **1 year of hands-on experience** in full stack web development.
I specialize in building modern web applications using **Next.js** and
Node.js . My strengths include problem-solving, **quick learning**, and
writing clean, **efficient code.** I'm always eager to improve my skills
and take on **new development challenges**.

SKILLS

Frontend: HTML, CSS, Tailwind CSS, JavaScript, TypeScript, React,
Next.js, Angular.js , Flutter , Redux-toolkit

Backend: Node.js, Express.js, WebRTC, WebSockets, passport.js ,
MEAN & MERN stack development

Databases: MongoDB, SQL, Mongooses

Technologies & Tools: Git, GitHub, GSAP, GraphQL,Cloudinary,Stripe

Programming Languages: Java, C#, TypeScript, JavaScript, Dart

Experience

TRS Solutions   Jan 2024 – June 2024

 ⬚ Developed secure authentication systems using **Passport.js** in
 a **Next.js** frontend environment.

⬚ Built and integrated multiple **RESTful APIs** for scalable backend
communication.

⬚ Collaborated closely with clients to deliver tailored authentication
and API solutions.

⬚ Worked as a **Full Stack Developer**, contributing to both frontend
(Next.js) and backend (Node.js, Express.js) development.

Freelancing   August 2024 – Feb 2024

⬚ Developed a **full-stack web application** using **Next.js**, with a
custom admin **dashboard** and robust backend architecture.

⬚ Implemented **file upload functionalities** to **Cloudinary**, handling
various file types and ensuring scalable cloud integration.

⬚ Integrated **Stripe payment gateway**, including **Stripe webhooks**
to manage real-time transaction updates and database

EDUCATION

**BACHELOR OF COMPUTER SCIENCE
(BSCS**)
Undergraduate Student

FSC COMPUTER SCIENCE
Jinnah College – Completed

**DIPLOMA IN SOFTWARE
ENGINEERING**

Aptech Institute (North-Nazimabad)

I am a Last Year Student of that
program

COURSES

Completed full-stack web
development course with **Next.js**
and **MongoDB**.

Learned real-time features using
Web Sockets and **WebRTC**.

Gained advanced knowledge of
Node.js and backend

INTRESTS

I enjoy learning about new technologies
and programming trends.

I like reading books on personal growth
and mindset.

I'm interested in exploring real-time
web apps and creative development
